SMARTPOWER™ Rinse S

Highly concentrated Rinse Additive

Performance

- ▲ Experience the best-in-class cleaning results with the professional SMARTPOWER™ Program
- ▲ Active defoaming agents
- ▲ Sparkling and shiny rinse results with maximum of environmental friendliness in soft to medium water conditions

Efficiency

- ▲ For use in soft to medium hard water conditions, compatible with common dishwashing materials (china, glass, stainless steel, etc.)
- ▲ Innovative dosing equipment prevents product overuse and therefore allows total cost control
- ▲ Faster drying process helps to make your operation more efficient and reduces the need for hand drying
- ▲ The long-lasting, concentrated blocks minimise storage space and optimise cost in use

Safety

- ▲ Lightweight blocks are safe and easy to store, carry and load/refill
- ▲ Part of our shape- and color-coded SMARTPOWER™ range

Sustainability

- ▲ Up to 99 % less packaging compared to standard dishwashing systems
- ▲ Up to 70% reduction of CO2 emissions associated with transportation
- ▲ Certified by Nordic SWAN as an ecologically approved product in compliance with the ecological requirements for raw material selection and use of packaging

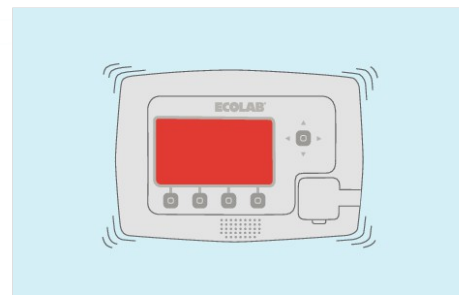

USE INSTRUCTIONS

1. Check MSDS for safety advice and hygiene plan and product label for detailed use information.

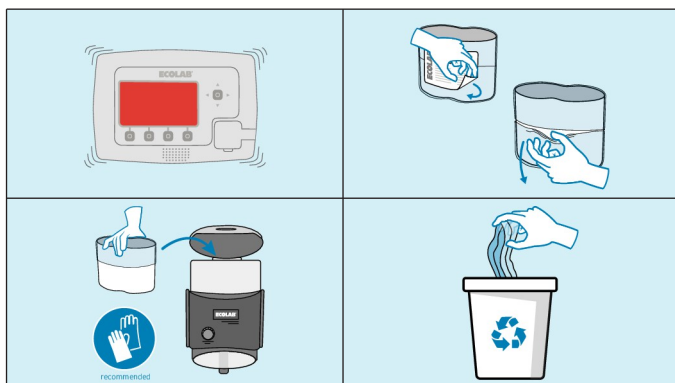

2. Wash crockery and utensils in the dishwasher according to the standard procedure.

3. Refill the product compartment when controller screen indicates. The screen will turn red and an acoustic alarm will sound.

TO REFILL

- 1 Refill the product compartment when controller screen indicates.
- 2 Remove the product label from the block and dispose. Remove lower part of plastic foil from block.
- 3 Refill the product into the open compartment of the dispenser. Remove upper plastic foil. Close lid.
- 4 Dispose the plastic foil via standard waste.

Special Notes

- ▲ Only for use with Ecolab Dosing Unit. Your Ecolab specialist will adjust the dosing system to your specific cleaning needs.
- ▲ To achieve best hygienic results, use with SMARTPOWER™ detergents and SMARTPOWER™ presoak products.
- ▲ Dosage: 0,02 - 0,045 g/L
- ▲ For professional use only.

Safety Information

- ▲ Do not mix with any other product.
- ▲ For further information and safety instructions, please see the product label and Safety Data Sheet.

Environmental advice

- ▲ Attempt to wash full racks and machines whenever possible.
- ▲ To avoid under- or over-dosing an Ecolab representative will setup the machine at the appropriate concentration
- ▲ Wash at the lowest temperature possible resulting in hygienic dishes.
- ▲ Information on disposal of empty packaging: recycle as soft plastic package

Storage conditions

- ▲ Store between 0 and 40 °C in original closed container only.
